CASTOOL™
TOOLING SYSTEMS

Quality Product, On-time, a commitment to reduce our environmental footprint and maintain a healthy and safe environment for our employees.

Castool-IMS policy is:

1. A Commitment to continually improve the effectiveness of the integrated management system;

2. A commitment to encourage all Castool Tooling Systems business associates to consider product life cycle and contribute effectively to environmental sustainability;

3. A commitment to the protection of the environment, including prevention of pollution and other specific commitments relevant to the context of Castool Tooling Systems to enhance environmental performance;

4. A commitment to worker participation and consultation (including, as appropriate, worker representation).

5. Appropriate to the purpose and context and nature of Castool Tooling Systems risks and opportunities and supports its strategic direction;

6. Appropriate to the role of Castool Tooling Systems in the supply chain;

7. Available to interested parties.

8. Communicated, implemented and maintained at all levels of Castool Tooling Systems and to persons working under the control of Castool Tooling Systems;

9. Conforms with its compliance obligations and with mutually agreed quality, environmental, Occupational Health & Safety and the requirements of customers;

10. Identify and eliminate the causes of occupational injuries and illnesses and eliminate hazards and reduce OH&S risks;

11. Prevent accidents, incidents, injuries and work-related illness, and when we cannot prevent them, to investigate the cause so that we can identify and correct any shortcomings in our health and safety management processes.

12. Provide information, instruction, training and supervision to make sure everyone can carry out their work safely.

13. Provides the framework for setting and reviewing quality, OH&S and environmental objectives;

14. Reviewed for continued suitability.
