

Personal Protective Equipment Policy

January 3, 2023

All employees entering the shop floor are required to wear P.P.E. This includes:

- Safety Glasses
- Safety Footwear
- Ear Protection

On the (Green) aisle way from the changing rooms to the main employee entrance, it is acceptable to have no P.P.E. when arriving or departing from work, but P.P.E. must be worn by all employees or visitors.

Anyone who is going to be on the shop floor for more than 30 minutes must wear ear protection. It is acceptable for office staff and visitors to be on the shop floor for short periods of times without ear protection.

P.P.E. requirements are Castool Tooling Policies including Ontario Occupational Health and Safety Act requirements.

Regards

Jim Birnie

Health and Safety Coordinator
